

# SAVE THE DATE : NANCY 2025

JULY 1-3, 2025  
ENSIC, UNIVERSITY OF LORRAINE IN NANCY (FRANCE)

Eco-Chemistry for sustainable products®

& Sustainable pharmaceutical Industry

Dear colleagues and partners,

We are pleased to invite you to **Nancy 2025**, which will take place from **July 1-3, 2025**. We look forward to seeing you on the ENSIC campus of the Université de Lorraine in Nancy (France). Discover below the program of these days focused on Eco-Chemistry for sustainable products® and Sustainable pharmaceutical Industry.

We extend our sincere wishes for a joyful Christmas and a New Year filled with success. Looking forward in 2025

The organizing committee

 **Date:** July 1-3, 2025

 **Location:** Nancy, Ensic campus

 **Eco-Chemistry for sustainable products®**

**July 1 | ENSIC, University of Lorraine at Nancy, (France)**

Join the future of chemistry: Sustainability in Action to Create Environmental Value

Discover innovative strategies, groundbreaking technologies and actionable insights at NANCY 2025, a symposium designed to highlight the importance of differentiating the chemical industry by creating authentic environmental value. Through an exchange specifically designed to foster an open and enriching dialogue, industry professionals, consultants and academia representatives will come together to address the challenges of creating a greener, more sustainable.

 **Sustainable pharmaceutical Industry**

**July 2-3 | ENSIC, University of Lorraine at Nancy, (France)**

**Shaping a Sustainable Future for Pharmaceuticals**

Join us for the **Nancy 2025 symposium** dedicated to driving sustainability across the pharmaceutical industry. This year's conference focuses on innovative approaches and collaborative solutions to create a greener, more responsible future for pharmaceutical development and manufacturing.

Discover advancements in green chemistry, circular processes, carbon reduction, energy-efficient manufacturing, and sustainable supply chains. Connect with thought leaders, researchers, and policymakers to explore actionable strategies that will transform the industry and protect our planet.

Lead the way in building a sustainable pharmaceutical future at Nancy 2025.

**July 1-3, 2025**
